industrial education

1973

ANNUAL INDEX, VOL. 62

Published by:
Macmillan Professional Magazines, Inc.
Greenwich, CT 06830

Accountability
Can You Write Performance Objectives And Are You Accountable?, John L. Feirer, 21 (September)
How To Be "Accountable" In The Industrial Arts, Robert L. Woodward, 24 (September)

Administration
Good Shop Administration Needs Good Record, Thomas C. Dean, 40 (December)
How To Join The Heavy Competition For Federal Aid, Paul Tolonen, 87 (January)

Audio-Visual Aids
Analysis Of Production Flow, Rex A. Nelson, 10 (April)
Metric's The Rule And Not The Exception, William Spence, 8 (March)
Outside "Mike" Teaching Aid, Mike Krakana, 12 (May/June)
Teach Groups To Read The Proportional Scale, Ross Martin, 10 (January)
Teaching About Mass Production, Earl R. Andrews, 20 (December)
Teaching About PCV Systems, 16 (October)
Teaching The Theory Of The Wankel, Terence Trudeau, 12 (February)
Teach Shading Techniques, Mary G. Good, 13 (November)
Transparent Vernier Caliper, Mike Krakana, 14 (September)

Auto-Mechanics
. . . And The Mazda Engine Goes Hmmmmmmm, Howard Smith, 42 (November)
Casting "Mag" Wheels, William D. Guentzler, 44 (September)
How You Can Build A $25 Auto Ignition Demonstrator, Robert Oliver, 37 (April)
Careers For The 70's, In Autobody, James P. Toner, 10 (November)
Careers For The 70's, In Power/Automotive, Barbara C. King, 12 (January)
Teach Autobody Students Fiberglass Body Repair, 30 (December)
Teaching The Theory Of The Wankel!, Terence Trudeau, 12 (February)

Career Education
Can Career Education Be Saved?, John L. Feirer, 21 (January)
Confused On Career Education And How To Approach It?, Charles G. Risher, 26 (May/June)
Exploring Careers With Guidance And Industrial Arts, James A. Sullivan and Tom Wood, 32 (April)
Is The Career Education Push Faltering Or Well Underway?, Howard Smith, 22 (January)
Model For Integrating Career Education Into Industrial Arts, James A. Sullivan and Tom Wood, 24 (January)
Occupational Center Uses Open Plan Concept, Robert B. Wolin, 46 (March)
Students Direct Selves While Exploring Careers And Skills, John Lavender, 28 (January)
What Will Career Education Demand Of You?, Lloyd D. Briggs, 85 (January)

Careers For The 70's
In Autobody, James P. Toner, 10 (November)
In Building Construction, James P. Toner, 12 (April)
In Drafting, Howard Smith, 16 (September)
In Electricity, Howard Smith, 12 (March)
In Electronics, Rex Miller, 14 (February)
In Graphic Arts, James P. Toner, 8 (October)
In Plastics, James P. Toner, 14 (May/June)
In Power/Automotive, Barbara C. King, 12 (January)

Ceramics And Plastics
Build Your Own Hot Air Gun, Allen Weiss, 49 (February)
Careers For The 70's, In Plastics, James P. Toner, 14 (May/June)
Cubes Never Change They Just Grow Bolder, Derrald E. Meyer, 38 (February)
Combine Plastics And Metal In Attractive Cylinder Lamps, John R. Lindbeck and Henry Sokol, 36 (January)
Combines Wood And Laminates For Cutting-Serving Trays, William R. Biggam, 56 (November)
Convert Fishline And Plastic Sheet Into Attractive Lamps, Salvatore Martingano, 50 (April)
How To Demonstrate Flow Properties Of Plastics, Robert J. Endres, 62 (November)
Plastic Covers Face, Joseph Tartas, 85 (November)
Plastics Projects In The Stretch, Bernard Dutton, 42 (September)
Portable Mixer For Ceramics Lab, Arnold M. Nielsen, 66 (April)
Teach Autobody Students Fiberglass Body Repair, 30 (December)
Why Not Industrial Ceramics In Your Shop Offerings?, Jeffrey T. Luftig and Richard A. Kruppa, 68 (November)

Computer Education
Give 'em Computer Circuit Experience With A Flip-Flop, Harry M. Hawkins, 70 (May/June)
"Hands On" Exploration Of NC With Shared Equipment, Gary Hutchinson, 33 (May/June)
When NC Doesn't Mean "No Charge," Howard Smith, 22 (February)

Construction
Careers For The 70's, In Building Construction, James P. Toner, 12 (April)

Curriculum
Are We Doing Right By Our Disadvantaged, Howard Smith, 24 (October)
Lab-Centered Physics Courses Are In The Wings, N. H. Frank, 133 (March)
Model For Integrating Career Education Into Industrial Arts, James A. Sullivan and Tom Wood, 24 (January)
Welding Program Serves 31 High Schools, 50 (March)
What Will Career Education Demand Of You?, Lloyd D. Briggs, 85 (January)

Design And Drafting
Architectural Drafting Room Practices, Henry C. Brock III, 76 (January)
Build Your Own Perspective Drawing Board And T-Square, Maurice F. Foss and Dennis Osting, 48 (September)
Careers For The 70's, In Drafting, Howard Smith, 16 (September)
Combine Plastics And Metal In Attractive Cylinder Lamps, John R. Lindbeck and Henry Sokol, 36 (January)
Does Your Drafting Program Reflect Today's Industry?, Gus Baker and Milton Miller, 58 (April)
Don't Tie Down A Promising Student To Repetitious Drafting, William Marsella, 36 (April)
How Are You At "Free-Form" Designing?, William R. Biggam, 34 (January)
How To Speed Up Your Drafting Students, Harold E. Levenson, 40 (February)
Making Drafting More Fun The Creative Way, Robert F. Holmes, 38 (January)
Metrics Now In Drafting, John L. Feirer, 21 (April)
Try A Shop Activity With A Different "Cast," Carl Hubachek, 28 (October)

Ecology/Environment
Cheap Power From Garbage Powered Biochemical Fuel, Ernest G. Berger, 115 (March)
Lead The Clean Air Campaign With This Electronic Detector, Gus Baker, 32 (January)

Editorials
Can Career Education Be Saved?, John L. Feirer, 21 (January)
Can You Write Performance Objectives And Are You Accountable?, John L. Feirer, 21 (September)
Do You Know If Your Shop Is Safe?, John L. Feirer, 23 (March)
Energy Crisis—Bad News For All, John L. Feirer, 41 (November)
Is Readability The Major Problem In Instructional Material?, John L. Feirer, 21 (October)
Metrics Now In Drafting, John L. Feirer, 21 (April)
Needed: Placement Directors For Vocational-Technical Programs, John L. Feirer, 23 (May/June)
Sagging College Enrollments, Bad News—Or Opportunity?, John L. Feirer, 23 (December)
Taxes, Technology And The Future Of Metal Machining, John L. Feirer, 21 (February)

Electricity-Electronics
Accountability In The Electronics Lab, Joel Goldberg, 81 (September)
Buying And Using The Right Electrical Meter, Richard J. Fowler, 60 (March)
Colorado Schools Bus Electronics To Students, 52 (March)
Construct An Adjustable DC Power Supply, William H. Troyer, 36 (February)
Individualize Basic Electronics With Learning Packages, Robert Groth, 36 (May/June)
Careers For The 70's, In Electricity, Howard Smith, 12 (March)
Careers For The 70's, In Electronics, Rex Miller, 14 (February)
Give Their Voices An Electronic Boost, Rex Miller and Fred Culpepper, 38 (October)
Lead The Clean Air Campaign With This Electronic Detector, Gus Baker, 32 (January)
Look What Electronics Are Doing To The Auto, Rex Miller and Terence Trudeau, 45 (November)
Make A Shop Panel To Show Off Photo-Conductors, Gus Baker, 52 (April)
Twelve Reasons For Renting Electronic Test Equipment, Raymond E. Herzog, 66 (March)

Federal Aid
How To Join The Heavy Competition For Federal Aid, Paul Tolonen, 87 (January)
Reform In Education And Reevaluation Of Priorities, Mary L. Ellis, 88 (January)

Graphic Arts
Add Die-Cutting To Your Graphic Arts, Matthew B. Krantz, 42 (February)
Careers For The 70's, In Graphic Arts, James P. Toner, 8 (October)
Get Them Excited About Silkscreen Or Letterpress, William L. Gagnon and Chester T. Camilleri, 37 (October)
Teaching Offset Photoengraving Equipment, Matthew B. Krantz, 58 (November)
Weave Language Skills And Drills Into Graphic Arts, Michael Conroy, 56 (September)

Industrial Arts
Alberta's Training A New Kind Of Industrial Arts Teacher, Clarence H. Preitz and Darius R. Young, 25 (December)
Can Industrial Arts Fit Into Vocational-Career Programs?, Sterling D. Peterson, 35 (September)
Exploring Careers With Guidance And Industrial

Arts, James A. Sullivan and Tom Wood, 32 (April)
How To Be "Accountable" In The Industrial Arts, Robert L. Woodward, 24 (September)
Model For Integrating Career Education Into Industrial Arts, James A. Sullivan and Tom Wood, 24 (January)
New Shop Introduces Space For Industrial Careers, Herb Siegel, 53 (March)
Students Direct Selves While Exploring Careers And Skills, John Lavender, 28 (January)

Industrial Education
Mobile Units—Boon Or Bust In Industrial Education?, Howard Smith, 22 (April)
Why Not Industrial Ceramics In Your Shop Offerings?, Jeffrey T. Luftig and Richard A. Kruppa, 68 (November)

Instruction And Instructional Systems
Architectural Drafting Room Practices, Henry C. Brock III, 76 (January)
Building The Base For Self-Paced Instruction, Harvey Dean, 22 (October)
Good News-Bad News In Dental Hygiene, John F. Falabella, 74 (February)
How To Develop Individualized Instruction Packages, Dean A. Teal, 34 (February)
How To Individualize Project-Building In Any Shop, Ralph H. Neil, 38 (September)
How To Speed Up Your Drafting Students, Harold E. Levenson, 40 (February)
Making Drafting More Fun The Creative Way, Robert F. Holmes, 38 (January)
Now You Can Teach "Classes Of One," Francis E. Clark, 28 (December)
Teachers' Guide To Selecting The Proper Textbooks, Leonard Torres, 24 (May/June)
Teaching Shading Techniques, Mary G. Good, 13 (November)
Try A Four-Day Unit On Destructive Distillation, Mark White, 30 (October)
We Increased Instructional Efficiency With Self-Instruction, Ken Ronzheimer, 129 (March)
What You've Wanted To Know About Performance Objectives, Claud C. Hunter and Tom Weathers, Jr., 22 (September)

Machine Shop
Holding Screwdrivers Firmly, Stanley Clark, 66 (April)
Speedier Soldering, Harry J. Miller, 53 (October)

Maintenance
Why Have A Preventive Maintenance Program?, Thomas J. Morrisey, 28 (March)

Metal Work
Add Zest To Project Activities With Time And Motion Studies, Clarence C. and Grace Tuura, 46 (September)
Braze A Butterfly, Thomas O. Nelson, 48 (April)
Build A Hot Metals Activity With Scrap 'N Stuff, Warden B. Muller, 48 (February)
Build Machine Skills With Wood Or Aluminum Chess Set, Bill Fifer and Dan Imhoff, 40 (April)
Combine Plastics And Metal In Attractive Cylinder Lamps, John R. Lindbeck and Henry Sokol, 36 (January)
"Hands On" Exploration of NC With Shared Equipment, Gary Hutchinson, 33 (May/June)
Mixing Oil Bonded Foundry Sand, Gary L. Hutchinson, 81 (November)
Taxes, Technology And The Future of Metal Machining, John L. Feirer, 21 (February)
Try A Shop Activity With A Different "Cast," Carl Hubachek, 28 (October)

Metric
Metric's The Rule And Not The Exception, William Spence, 8 (March)
Metrics Now In Drafting, John L. Feirer, 21 (April)

Occupational Education
Model For Integrating Career Education Into Industrial Arts, James A. Sullivan and Tom Wood, 24 (January)

Purchasing/Requisitioning
Buying And Using The Right Electrical Meter, Richard J. Fowler, 60 (March)
Good Shop Administration Needs Good Records, Thomas C. Dean, 40 (December)
Let Your Budget Express Your Long-Range Goals, C. Thomas Dean, 24 (March)
Master Plan For Those Equipment Dollars, Edward A. Campbell, 39 (December)
Teachers' Guide To Selecting The Proper Textbooks, Leonard Torres, 24 (May/June)

Safety
Do You Know If Your Shop Is Safe?, John L. Feirer, 23 (March)
Functional Use of Color In Labs Or Classroom, Winfield R. Rummell and Jon V. Krug, 30 (March)

Shop Management
Belt Sander Adjustments, Gregory Whitney, 84 (November)
Handy Holder For A Miter Gauge, Robert O. Kingsley, 66 (April)
Hold The Wire Stripper, Irving Warren, 66 (April)
Let Your Budget Express Your Long-Range Goals, C. Thomas Dean, 24 (March)
Lock Storage Cabinets, Tom Ward, 53 (October)
Plastic Covers Face, Joseph Tartas, 85 (November)
Portable Clamp Racks, Jess A. Will, Jr., 53 (October)
Quick Centering Of Lathe, Harvey Muller, 66 (April)
Repair Your Band Saw Blades, Walter F. Deal, III, 40 (September)
Strike Down Haphazard Junior High Lab Planning, Edward A. Campbell, 27 (March)
Why Have A Preventive Maintenance Program?, Thomas J. Morrisey, 28 (March)

Teaching Aids And Methods
Analysis Of Production Flow, Rex A. Nelson, 10 (April)
Individualize Basic Electronics With Learning Packages, Robert Groth, 36 (May/June)
It's In The Cards, Ray M. Jacobs, 40 (October)
Metric's The Rule And Not The Exception, William Spence, 8 (March)
Outside "Mike" Teaching Aid, Mike Krakana, 12 (May/June)
Teach Groups To Read The Proportional Scale, Ross Martin, 10 (January)
Teaching About Mass Production, Earl R. Andrews, 20 (December)
Teaching About PCV Systems, 16 (October)
Teaching The Theory Of The Wankel, Terence Trudeau, 12 (February)
Transparent Vernier Caliper, Mike Krakana, 14 (September)

Technical Education
Accountability In The Electronics Lab, Joel Goldberg, 81 (September)
Are You Teaching "Buggy Whip" Skills?, Harley Gillett, 75 (February)
Career Development For Industry's Technicians, Fred R. Thornton, 63 (October)
Continuing Education Becomes Institutes PR Tool, Charles O. Whitehead, 84 (September)
Establishing The Essentials Of A Dental Technology Program, John F. Fallabella, 83 (December)
Give 'em Computer Circuit Experience With A Flip-Flop, Harry M. Hawkins, 70 (May/June)
Good News-Bad News In Dental Hygiene, John F. Fallabella, 74 (February)
How To Evaluate Up-Dating Institutes For Vo-Tech Teachers, Menno Diliberto, 74 (May/June)
Lab-Centered Physics Courses Are In The Wings, N. H. Frank, 133 (March)
Reform In Education And Reevaluation Of Priorities, Mary L. Ellis, 88 (January)
Three Helpful Tools For Career Orienting Students, Joseph Fradkin, 65 (October)
Tinkering With Hardware During Lessons In Physics, N. H. Frank, 73 (April)
Varying Pay Scales And Job Descriptions For Teachers, Hiram M. Hunt, 72 (February)
We Increased Instructional Efficiency With Self-Instruction, Ken Ronzheimer, 129 (March)
What Will Career Education Demand Of You?, Lloyd D. Briggs, 85 (January)

Visual Aids
Analysis Of Production Flow, Rex A. Nelson, 10 (April)
Metric's The Rule And Not The Exception, William Spence, 8 (March)
Outside "Mike" Teaching Aid, Mike Krakana, 12 (May/June)
Teach Groups To Read The Proportional Scale, Ross Martin, 10 (January)
Teaching About Mass Production, Earl R. Andrews, 20 (December)
Teaching About PCV Systems, 16 (October)
Teaching The Theory Of The Wankel, Terence Trudeau, 12 (February)
Transparent Vernier Caliper, Mike Krakana, 14 (September)

Vocational Education
Are We Doing Right By Our Disadvantaged, Howard Smith, 24 (October)
Can Industrial Arts Fit Into Vocational-Career Programs?, Sterling D. Peterson, 35 (September)
21 Reasons Why They Drop Out, M. Michael Freedland, 70 (November)
When NC Doesn't Mean "No Charge," Howard Smith, 22 (February)
Sagging College Enrollments-Bad News — Or Opportunity?, John L. Feirer, 23 (December)

Welding
Welding Hint, Harvey J. Miller, 66 (April)
Welding Program Serves 31 High Schools, 50 (March)

Woodworking
Add Zest To Project Activities With Time And Motion Studies, Clarence C. and Grace Tuura, 46 (September)
Build A Press For Water Skis, David L. Richards, 26 (October)
Build Machine Skills With Wood Or Aluminum Chess Set, Bill Fifer and Dan Imhoff, 40 (April)
Build Your Own Perspective Drawing Board And T-Square, Maurice F. Foss and Dennis Osting, 48 (September)
Combines Wood And Laminates For Cutting-Serving Trays, William R. Biggam, 56 (November)
Desk Set, Guy Bonfiglio, 60 (November)
How Are You At "Free-Form" Designing?, William R. Biggam, 34 (January)
How To Individualize Project-Building In Any Shop, Ralph H. Neil, 38 (September)
Try A Four-Day Unit On Destructive Distillation, Mark White, 30 (October)

A
Andrews, Earl R., 20 (December)

B
Baker, Gus, 32 (January), 52 (April), 58 (April), 86 (November)
Berger, Ernest G., 115 (March)
Biggam, William R., 34 (January), 56 (November)
Bonfiglio, Guy, 60 (November)
Briggs, Lloyd D., 85 (January)
Brock, Henry C., III, 76 (January)

C
Camilleri, Chester T., 37 (October)
Campbell, Edward A., 27 (March), 39 (December)
Clark, Francis E., 28 (December)
Clark, Stanley, 66 (April), 85 (November)
Conroy, Michael, 56 (September)
Culpepper, Fred, 38 (October)

D
Deal, Walter F., III, 40 (September)
Dean, C. Thomas, 24 (March), 40 (December)
Dean, Harvey, 22 (October)
Diliberto, Menno, 74 (May/June)
Dutton, Bernard, 42 (September)

E
Endres, Robert J., 62 (November)

F
Fallabella, John F., 74 (February), 83 (December)
Feirer, John L., 21 (January), 21 (February), 23 (March), 21 (April), 23 (May/June), 21 (September), 21 (October), 41 (November), 23 (December)
Fibel, Lewis R., 107 (November)
Fifer, Bill, 40 (April)
Foss, Maurice F., 48 (September)
Fowler, Richard J., 60 (March)
Fradkin, Joseph, 65 (October)
Frank, N. H., 133 (March), 73 (April)
Freedland, M. Michael, 70 (November)

G
Gagnon, William L., 37 (October)
Gillett, Harley, 75 (February)
Goldberg, Joel, 81 (September)
Good, Mary G., 13 (November)
Groth, Robert, 36 (May/June)
Guentzler, William D., 44 (September)

H
Hawkins, Harry M., 70 (May/June)
Herzog, Raymond E., 66 (March)
Holmes, Robert F., 38 (January)
Hubachek, Carl, 28 (October)
Hunt, Hiram M., 72 (February)
Hunter, Claud C., 22 (September)
Hutchinson, Gary, 33 (May/June), 81 (November)

I
Imhoff, Dan, 40 (April)

J
Jacobs, Ray M., 40 (October)

K
King, Barbara C., 12 (January)
Kingsley, Robert O., 66 (April)
Krakana, Mike, 12 (May/June), 14 (September)
Krantz, Matthew B., 42 (February), 58 (November)
Krug, Jon V., 30 (March)
Kruppa, Richard A., 68 (November)

L
Lavender, John, 28 (January)
Levenson, Harold E., 40 (February)
Lindbeck, John R., 36 (January)
Luftig, Jeffrey T., 68 (November)

M
Marsella, William, 36 (April)
Martin, Ross, 10 (January)
Martingano, Salvatore, 50 (April)
McClain, Gerald R., 109 (November)
Meyer, Derrald E., 38 (February)
Miller, Harry J., 66 (April), 53 (October)
Miller, Milton, 58 (April)
Miller, Rex, 14 (February), 38 (October), 45 (November)
Morrisey, Thomas J., 28 (March)
Muller, Harvey, 66 (April)
Muller, Warden B., 48 (February)

N
Neil, Ralph H., 38 (September)
Nelson, Rex A., 10 (April)
Nelson, Thomas O., 48 (April)
Nielsen, Arnold M., 66 (April)

O
Oliver, Robert, 37 (April)
Osting, Dennis, 48 (September)

P
Peterson, Sterling D., 35 (September)
Preitz, Clarence H., 25 (December)

R
Richards, David L., 26 (October)
Risher, Charles G., 26 (May/June)
Robinson, Dick, 52 (September)
Ronzheimer, Ken, 129 (March)
Rummell, Winfield, 30 (March)

S
Siegel, Herb, 53 (March)
Smalley, Lee H., 25 (February)
Smith, Howard, 22 (January), 22 (February), 12 (March), 22 (April), 16 (September), 24 (October)
Sokol, Henry, 36 (January)
Spence, William, 8 (March)
Sullivan, James A., 24 (January), 32 (April)

T
Tartas, Joseph, 85 (November)
Teal, Dean A., 34 (February)
Thornton, Fred R., 63 (October)
Tolonen, Paul, 87 (January)
Toner, James P., 12 (April), 14 (May/June), 8 (October), 10 (November)
Torres, Leonard, 24 (May/June)
Troyer, William H., 36 (February)
Trudeau, Terence, 12 (February), 45 (November)
Tuura, Clarence C., 46 (September)
Tuura, Grace, 46 (September)

W
Ward, Tom, 53 (October)
Warren, Irving, 66 (April)
Weathers, Tom, Jr., 22 (September)
Weiss, Allen, 49 (February)
White, Mark, 30 (October)
Whitehead, Charles O., 84 (September)
Whitney, Gregory, 84 (November)
Will, Jess A., Jr., 53 (October)
Witt, Leonard E., 64 (March)
Wolin, Robert B., 46 (March)
Wood, Tom, 24 (January), 32 (April)
Woodward, Robert L., 24 (September)

Y
Young, Darius R., 25 (December)
